

1. Open supplied Workbench file (mysql_workbench_issue_36266.mwb)

2. Press Ctrl-F (from menu: *Edit – Find – Find...*). Find Text: *id*, In Location: *Database Objects*, click *Find All*.

3. In the Find Results panel, double-click on the column-heading separator to “auto-expand” the column width.

4. Error:
